PRODUCT OVERVIEW

The **STILI** family of Eurocryor presents the *self-service counter* dedicated to *fresh food*! Eurocryor presents the new Unico, designed to enhance the high end self-service area through its display: a cabinet that becomes an island or an integrated self service area, depending of the lay-out needs.

Preservation and merchandising without compromise

Refrigeration dedicated to any fresh food

Total glass effect to grant food visibility

Sturdy structure entirely in stainless steel

Total customization for aesthetic color, finishing and materials

New LED lighting to enhance the natural freshness of food, integrated in the cabinet perimeter

Total food visibility

PRODUCT OVERVIEW

This information is confidential and was prepared by Epta solely for our internal use. It is not to be relied on by any third party without Epta prior written consent. Marketing 09/2020

Main Features

Total food visibility

In **small specialized shops**, the self-service cabinet is often located in a small corner against a wall, selling only complementary references.

Thanks to **Unico** it is now possible to highlight **the fresh food island in the center of the shop**, giving the customer the possibility of having a 360° view of the displayed products.

The **food** is always displayed in the center of the shop, creating curiosity and being **naturally attractive to the consumer**.

Main Features

Dedicated to any food

The refrigeration performance of **Unico** is suitable for the **preservation** of **any** type of **food**, from meat to gastronomy, from take away to pastry: Unico is available in both **3M1** and **3M2**.

Not only that, but the **display shelf** is **adjustable in height** to ensure the **best visibility** for each product, regardless of the size or packaging, it will always be possible to bring it on the stage!
